Our recommendations to you will be based on our assessment of your personal circumstances, needs and objectives. These factors underpin our advice but it is important for you to appreciate that our interests, associations and relationships and the benefits we receive – such as commission, corporate hospitality or marketing support for example - may give rise to an actual or potential conflict of interest. However, where any interest might reasonably be capable of influencing our advice or creating a conflict of interest, we will clearly disclose our interest or the nature of the conflict to allow you to make an informed decision about our advice. We manage, and will clearly disclose, any conflicts that we think may influence our advice and we would also like to highlight the following interests, associations and relationships:

- No associations or relationships capable of influencing the advice provided.
- I currently participate in Millennium3's long term incentive plan. I may become entitled to receive a share of a bonus pool if Millennium3's criteria for the payment of the plan are satisfied. The larger my business within Millennium3 the more that I may enjoy of any bonus pool that may be declared. Any business you place through me will help me to continue to participate and will in part contribute to the amount that I may receive, though various of the other criteria that contribute to this are beyond my control or influence.
